

## **WHITTELL & SOUTH LAKE TAHOE HIGH SCHOOL VOLLEYBALL SKILLS CAMP**

**August 11 - 14, 2008 11 am - 5 pm**

### **Director: Tony Fathergill**

This is my 12<sup>th</sup> successful year of providing high level camp experiences to many high school, college and club programs around the country! I have been involved with coaching for 20 years and have directed camps for amazing programs such as: **Stanford University, Ohio State University and Penn State University**. I have just accepted the Girls Varsity Coaching position at **Whittell High School** and I want to offer an opportunity unlike any other for all of our South Lake Tahoe student/ athletes. My goal is to raise the overall level of youth volleyball in our area!

### **Camp Description**

This is a fun filled 4 days of learning the essential individual and team skills of volleyball! Our high level coaching staff wants to create a positive learning environment in order to help you reach success with the great sport of volleyball! This is a great team bonding experience that guarantees results for your entire volleyball program! Our goal is to challenge our athletes in all aspects of the game. The first 2 days will mostly emphasize your individual skills while the last 2 days of camp will thoroughly define team offensive and defensive systems! We want to help you become a 'student of the game!' And most importantly have a ton of fun while playing the sport we all enjoy!
